PRIVATE PORTAL ORDERING

Uniforms Today can develop a comprehensive private web portal for you and your management team to order efficiently. We can also set up a supervisory approval if you so wish for all orders to be sent to authorized personnel for review. We can offer you monthly or quarterly reports from the site which will allow you and or management to monitor their uniform spend versus budget.

We offer group logins on our website that show just your items and embellishments. The dedicated websites are more sophisticated with purchasing rules and employee purchasing management.

- Products and categories reviewed and ordered by color, size, quantity, etc.
- Support for multiple locations, departments, programs, etc.
- Employee allowance program setups
- Supervisor approval ordering setups
- Shipping options, multiple ship to locations, etc.
- Job, contract, purchase order numbers added where applicable
- Reporting on employee purchases, items purchased, dates, etc.
